

**Confidence**

**Congratulation!**

**On behalf of GIC, we congratulate  
you and your company on the  
successful certification!**

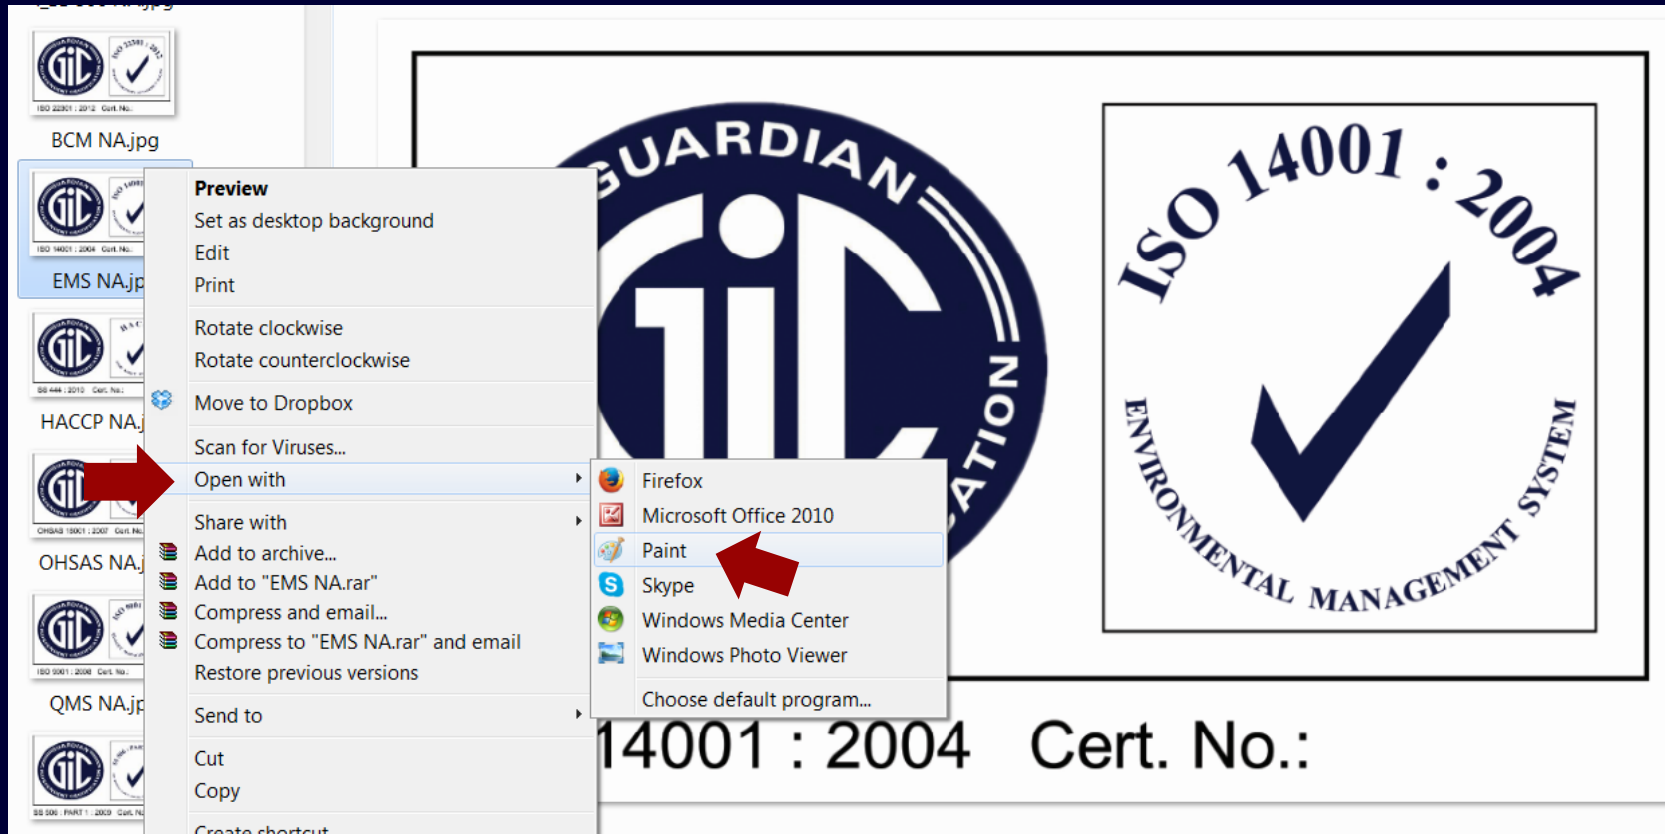

**With the achievement of the Certificate, you can display the GIC Certification Mark and/ or Accreditation Mark on your stationery, literatures, websites, business cards and premises. To preserve the integrity of GIC Certification Mark and/ or Accreditation Mark, please observe and comply with their guidelines. A copy of the Marks and their Guidelines are available for download on the web link provided on the certification letter attached with your certificate.**

# To insert Certificate Number using Paint on Windows

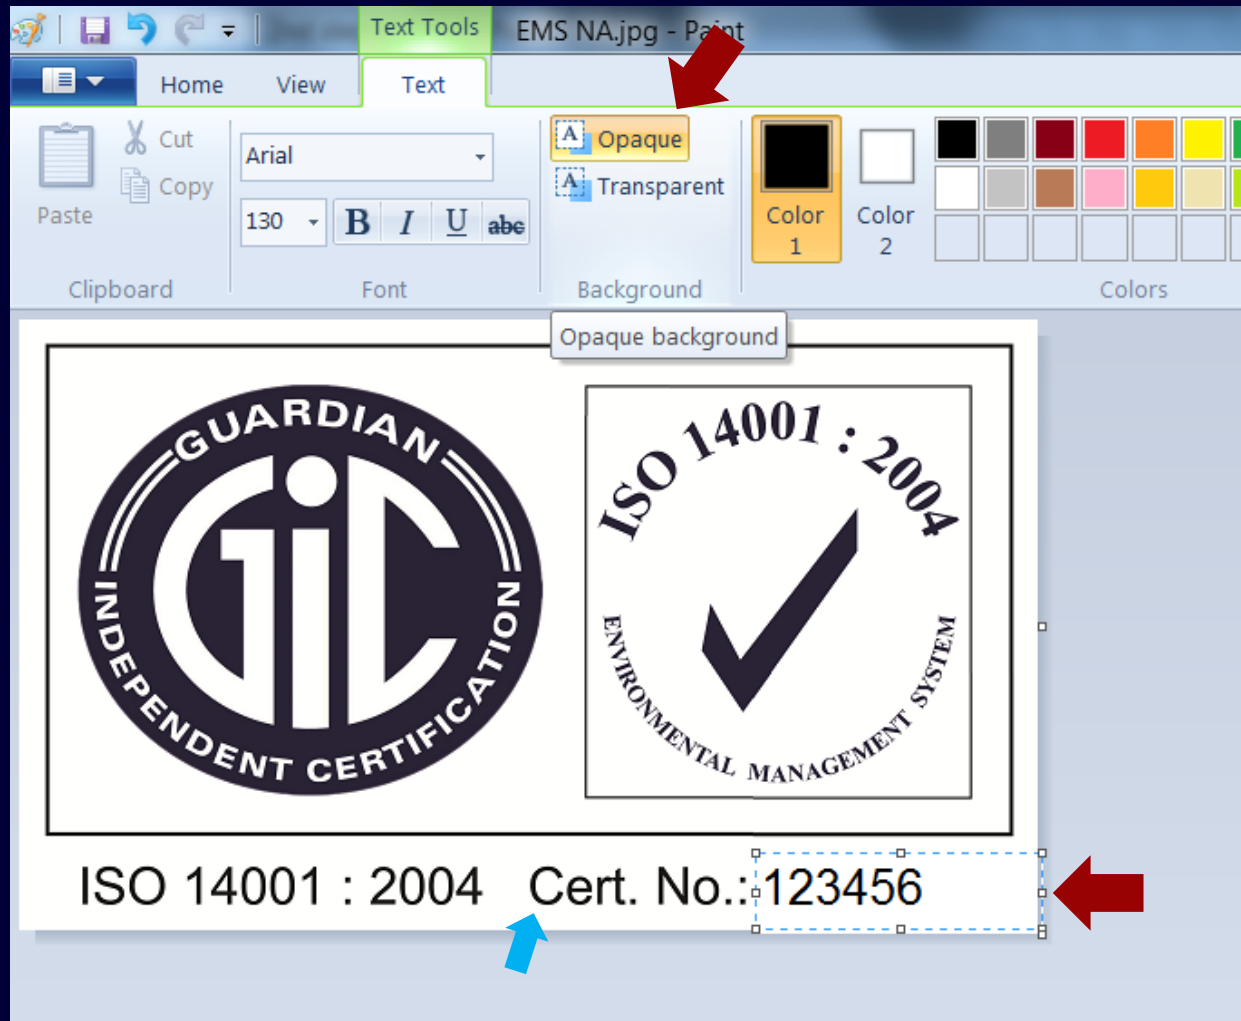

1. Right click on your logo, select “Open with” then select “Paint”.

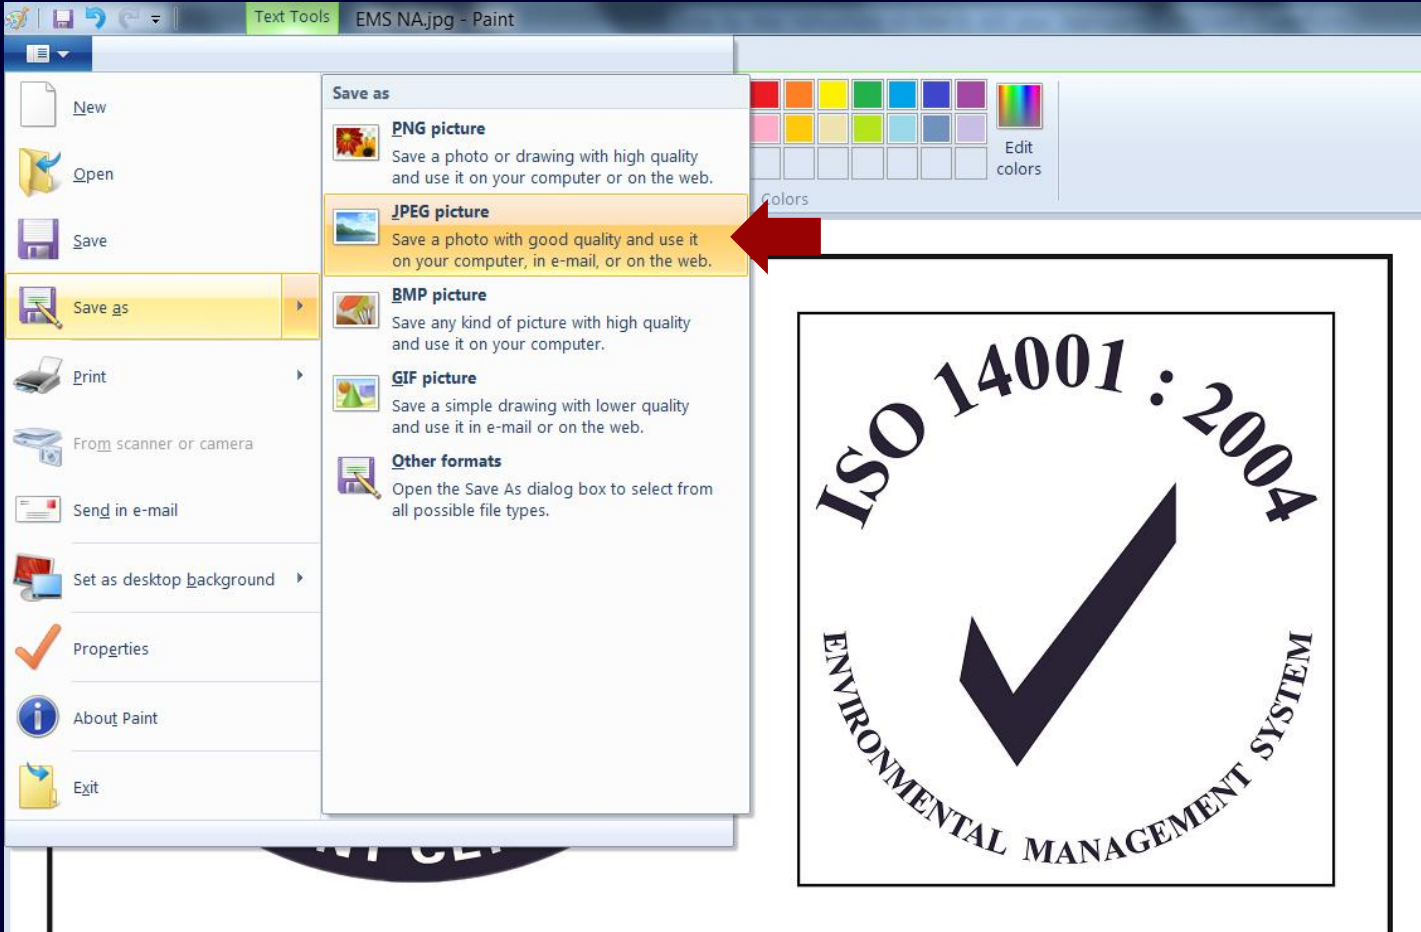

2. Select "Text".

3. Click the space beside the “Cert. No” to insert a text box and key in your certification number. Ensure font type is **Arial** and re-adjust **font size** to **align** with text → . Remember to change the settings to “Opaque” instead of “Transparent”.
